

AXIS INNOVATION FUND

(An open ended equity scheme following innovation theme)

*w.e.f 13th June 2024, the fund name has been changed to Axis Innovation Fund and the fundamental attribute will be revised.

About the Fund

An open ended equity scheme following innovation theme

Axis Innovation Fund is a thematic fund with a multi-cap investment approach. The fund can also take exposure to the global markets upto 30% of its portfolio.

Invest across Value chain
There are opportunities across the value chain, hence fund invest in companies that are part of the value chain

Innovative themes to sectors
Focus on identifying current innovative themes, then narrow it down to specific sectors.

Long-term perspective
Some companies may not be profitable but hold significant potential in the long run

*The above framework is broadly indicative and the fund manager may change the framework depending on the market conditions

Why a Innovation Fund?

- In our fast growing economy, there is one thing which is constant and that is "change". We have new technologies, new business models, changes in consumer behaviour, global events and regulatory changes which creates potential for mispricing.
- Financial markets are slow in recognizing these opportunities and a innovation fund may be able to see an unanticipated change which may be overlooked otherwise.

Fund Manager Views

- With global rate cycle changed to easing, interest in high growth disruptive stocks has increased in line with global indices viz. Nasdaq100. There is keen focus on competitive positioning and stability of business model in terms of profitability as well as cash flow generation.
- Fund follows a Multicap approach, with focus on capturing growth from innovation across market cap, sectors and geographies
- Currently, the fund is positioned more than 50% in Platform and AI ecosystem.
- The fund endeavours to target Innovative growth opportunities across the entire value chain both in India & abroad. The focus is on innovative themes like platform businesses, Hi-tech manufacturing, AI ecosystem, financial digitalization, Tech innovation etc. The endeavour is to invest from a long-term perspective, as some companies may not be profitable but hold significant potential in the long run.
