## **HIGHLIGHTS/SUMMARY OF THE SCHEME**

### **Investment Objective**

The investment objective of the Scheme is to provide returns before expenses that closely correspond to the total returns of the NIFTY Healthcare Index subject to tracking errors.

However, there is no assurance or guarantee that the investment objective of the scheme will be achieved.

### **Liquidity**

#### **On the exchange:**

The Units of the Scheme will be listed on National Stock Exchange of India Ltd. (NSE) and/or any other recognized stock exchanges as may be decided by AMC from time to time. The Units of the scheme may be bought or sold on all trading days at prevailing listed price on such Stock Exchange(s).

#### **Directly with the Mutual Fund:**

The Scheme offers units for subscription / redemption directly with the Mutual Fund in Creation Unit Size to Authorized Participants / and Large Investors, at NAV based prices on all Business Days during an ongoing offer period. The redemption consideration shall normally be the basket of securities represented by NIFTY Healthcare Index in the same weightage as in the Index and cash component.

### **Dematerialization**

The units of the Scheme will be available in dematerialized form only. Investors intending to invest in units of the Scheme are required to have a beneficiary account with the Depository Participant (DP) (registered with NSDL / CDSL as may be indicated by the Fund at the time of launch) and will be required to indicate in the application form the DP's name, DP ID Number and the beneficiary account number of the applicant with the DP at the time of purchasing units directly from the Fund on an ongoing basis in the Creation Unit Size.

The units of the Scheme will be issued, traded and settled compulsorily in dematerialized form.

### **Transfer of Units**

Units held in Demat form are freely transferable in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time. Transfer can be made only in favour of transferees who are capable of holding units and having a Demat Account. The delivery instructions for transfer of units will have to be lodged with the DP in requisite form as may be required from time to time and transfer will be affected in accordance with such rules / regulations as may be in force governing transfer of securities in dematerialized mode.

### **Payment of Redemption Proceeds**

The AMC shall dispatch the Redemption proceeds within 10 Business Days from the date of receipt of request from the unit holder. Redemption proceeds in the form of baskets of securities included in NIFTY Healthcare Index in the same proportion will be credited to the designated DP account of the Authorized Participants / Large Investors. Any fractions in the number of securities transferable to Authorized Participants / Large Investors will be rounded off to the lower integer and the value of the fraction will be added to the cash component payable. The cash component of the proceeds at applicable NAV will be paid by way of cheque or direct credit or through electronic mode i.e. RTGS/NEFT.

However, only Authorised Participants and Large Investors can directly redeem from the AMC in Creation Unit Size.

**Benchmark**

NIFTY Healthcare TRI.

**Transparency/ NAV Disclosure**

The AMC will calculate and disclose the first Net Asset Value within a period of 5 business days from the date of allotment. Subsequently, the AMC will calculate and disclose the NAVs on all the Business Days. The AMC shall update the NAV on its website ([www.axismf.com](http://www.axismf.com)) and of the Association of Mutual Funds in India - AMFI ([www.amfiindia.com](http://www.amfiindia.com)) before 11.00 p.m. on every Business Day. If the NAVs are not available before the commencement of Business Hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAV. Further, AMC will calculate intra-day indicative NAV (computed based on snapshot prices received from NSE) and update the Indicative NAV periodically on its website atleast once in two hours during market hours. However, disclosure of Indicative NAV will be subject to availability of relevant services like receipt of index value, technological feasibility and other input requirements with respect to uploading of Indicative NAV on AMC's website. Intra-day Indicative NAV will not have any bearing on the creation or redemption of units directly with the Fund by the Authorized Participants /Large Investors.

The AMC will disclose the portfolio of the Scheme (alongwith ISIN) as on the last day of the month/ half year on the website of the Mutual Fund and AMFI within 10 days from the close of each month/ half year (i.e. 31st March and 30th September) respectively in a user-friendly and downloadable spreadsheet format. Further, AMC shall publish an advertisement, in an all India edition of one national English daily newspaper and in one Hindi newspaper, every half year disclosing the hosting of the half-yearly statement of its schemes portfolio on the website of the Mutual Fund and AMFI and the modes through which unitholder can submit a request for a physical or electronic copy of the statement of scheme portfolios.

The AMC will also provide a dashboard, in a comparable, downloadable (spreadsheet) and machine readable format, providing performance and key disclosures like Scheme's AUM, investment objective, expense ratios, portfolio details, scheme's past performance etc. on its website.

The AMC will make available the Annual Report of the Scheme within four months of the end of the financial year on its website and on the website of AMFI along with a link.

## **I. INTRODUCTION**

### **A. Risk Factors**

#### **i. Standard Risk Factors:**

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 1 lac made by it towards setting up the Fund.
- The present Scheme is not a guaranteed or assured return Scheme.

#### **ii. Scheme Specific Risk Factors**

##### **Risks associated with Investment in Exchange Traded Funds**

The Scheme are subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV, trading price, yield, total return and/or its ability to meet its objectives. These risks are associated with investment in equities.

##### **Market Risk**

The Scheme's NAV will react to the stock market movements. The Investor could lose money over short periods due to fluctuation in the Scheme's NAV in response to factors such as economic and political developments, changes in interest rates and perceived trends in stock prices and market movements, and over longer periods during market downturns.

##### **Regulatory Risk:**

Any changes in trading regulations by the stock exchange (s) or SEBI may affect the ability of Authorised Participant to arbitrage resulting into wider premium/ discount to NAV.

##### **Liquidity Risk**

Trading in units of Axis Healthcare ETF on the Exchange may be halted because of market conditions or for reasons that in the view of the Market Authorities or SEBI, trading in units of the Scheme are not advisable. In addition, trading in units of Axis Healthcare ETF are subject to trading halts caused by extraordinary market volatility and pursuant to NSE and SEBI "circuit filter" rules. There can be no assurance that the requirements of the Market necessary to maintain the listing of units of Axis Healthcare ETF will continue to be met or will remain unchanged.

##### **Settlement Risk:**

In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the Schemes portfolio may

result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the respective Scheme's portfolio

### **Passive Investments**

Axis Healthcare ETF will be a passively managed scheme by providing exposure to NIFTY Healthcare Index and tracking its performance and yield, before expenses, as closely as possible. The scheme performance may be affected by a general decline in the Indian markets relating to its underlying Index. The Scheme invests in the underlying Index regardless of its investment merit.

### **Risk pertaining to NIFTY Healthcare Index**

NIFTY Healthcare Index comprises of 20 stocks. Equities are volatile in nature and are subject to price fluctuations on a daily basis. The volatility in the value of the equity instruments is due to various micro and macroeconomic factors affecting the securities markets. This may have an adverse impact on individual securities /sector and consequently on the NAV of Scheme. Since this is a sectoral index, adverse risks associated with the sector will also have an impact on the performance of the Index and hence the ETF.

### **Risks associated with investments in equities**

- Equity and equity related securities are volatile and prone to price fluctuations on a daily basis. The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods. Settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme portfolio would result at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme portfolio. Also, the value of the Scheme investments may be affected by interest rates, currency exchange rates, changes in law/policies of the government, taxation laws and political, economic or other developments which may have an adverse bearing on individual Securities, a specific sector or all sectors.
- Investments in equity and equity related securities involve a degree of risk and investors should not invest in the equity Scheme unless they can afford to take the risk of losing their investment.

### **Risks associated with investments in derivatives**

- The Scheme may invest in derivative products in accordance with and to the extent permitted under the Regulations and by RBI. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount. Thus, derivatives are highly leveraged instruments.
- The derivatives market in India is nascent and does not have the volumes that may be seen in other developed markets, which may result in volatility to the values.

- Investment in derivatives also requires the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. Even a small price movement in the underlying security could have an impact on their value and consequently, on the NAV of the Units of the Scheme.
- The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.
- The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limit or circuit breakers, the Scheme may face a liquidity issue.
- The options buyer's risk is limited to the premium paid, while the risk of an options writer is unlimited. However the gains of an options writer are limited to the premiums earned.
- The exchange may impose restrictions on exercise of options and may also restrict the exercise of options at certain times in specified circumstances and this could impact the value of the portfolio.
- The writer of a put option bears the risk of loss if the value of the underlying asset declines below the exercise price. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the exercise price.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme.
- The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets.
- There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. The counter party may default on a transaction before settlement and therefore, the Scheme is compelled to negotiate with another counterparty at the then prevailing (possibly unfavourable) market price.
- Derivatives also carry a market liquidity risk where the derivatives cannot be sold (unwound) at prices that reflect the underlying assets, rates and indices.
- Where derivatives are used for hedging, such use may involve a basis risk where the instrument used as a hedge does not match the movement in the instrument/underlying asset being hedged. The risk may be inter-related also e.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets.

- Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor / unitholder. Execution of investment strategies depends upon the ability of the fund manager(s) to identify such opportunities which may not be available at all times. Identification and execution of the strategies to be pursued by the fund manager(s) involve uncertainty and decision of fund manager(s) may not always be profitable. No assurance can be given that the fund manager(s) will be able to identify or execute such strategies.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

#### **Risks associated with investments in Fixed Income Securities**

The following are the risks associated with investment in fixed income securities:

**Interest-Rate Risk:** Fixed income securities such as government bonds, Money Market Instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices depends upon the coupon and maturity of the security. It also depends upon the yield level at which the security is being traded.

**Re-investment Risk:** Investments in fixed income securities carry re-investment risk as interest rates prevailing on the coupon payment or maturity dates may differ from the original coupon of the bond.

**Liquidity Risk:** The liquidity of money market instruments may change, depending on market conditions leading to changes in the liquidity premium attached to the price of the instrument. At the time of selling the security, the security can become illiquid, leading to loss in value of the portfolio.

**Liquidity Risk on account of unlisted securities:** The liquidity and valuation of the Schemes' investments due to their holdings of unlisted securities may be affected if they have to be sold prior to their target date of divestment. The unlisted security can go down in value before the divestment date and selling of these securities before the divestment date can lead to losses in the portfolio.

**Credit Risk:** This is the risk associated with the issuer of a Money Market Instrument defaulting on coupon payments or in paying back the principal amount on maturity. Even when there is no default, the price of a security may change with expected changes in the credit rating of the issuer. It is to be noted here that a Government Security is a sovereign security and is the safest.

**Settlement Risk:** Fixed income securities run the risk of settlement which can adversely affect the ability of the fund house to swiftly execute trading strategies which can lead to adverse movements in NAV

#### **Risk associated with Listing of units on Stock Exchange**

Listing of the units of the fund does not necessarily guarantee their liquidity and there can be no assurance that an active secondary market for the units will develop or be maintained. Consequently, the Fund may quote below its face value / NAV.

Trading in Units of the Scheme on the Exchange may be halted because of market conditions or for reasons that in view of Exchange Authorities or SEBI, trading in Units of the Scheme is not advisable. In addition, trading in Units of the Scheme is subject to trading halts caused by extraordinary market volatility and pursuant to Exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of Exchange necessary to maintain the listing of Units of the Scheme will continue to be met or will remain unchanged. Any changes in trading regulations by the Stock Exchange(s) or SEBI may inter-alia result in wider premium/ discount to NAV. The Units of the Scheme may trade above or below their NAV. The NAV of the Scheme will fluctuate with changes in the market value of Scheme's holdings. The trading prices of Units of the Scheme will fluctuate in accordance with changes in their NAV as well as market supply and demand for the Units of the Scheme. However, the Units of the Scheme can be subscribed / redeemed in Creation Unit Size directly with the Scheme, which provides efficient arbitrage between the traded prices and the NAV, thereby reducing the incidence of the units of the Scheme being traded at premium/discounts to NAV. However, any changes in the trading regulations by NSE/Stock Exchange/SEBI may affect the ability of the market makers/Authorized Participants to arbitrage resulting into wider premium or discount to NAV. The Units will be issued in demat form through depositories. The records of the depository are final with respect to the number of Units available to the credit of Unit holder. Settlement of trades, repurchase of Units by the Mutual Fund will depend upon the confirmations to be received from depository(ies) on which the Mutual Fund has no control.

The market price of the Units of the Scheme, like any other listed security, is largely dependent on two factors, viz., (1) the intrinsic value of the Unit (or NAV), and (2) demand and supply of Units in the market. Sizeable demand or supply of the Units in the Exchange may lead to market price of the Units to quote at premium or discount to NAV.

#### **Risks associated with Securities lending**

The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, to comply with the terms of agreement entered into between the lenders of securities i.e. any scheme and the approved intermediary/counterparty. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary/counterparty to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Scheme may not be able to sell such lent securities and this can lead to temporary illiquidity.

#### **Risk associated with Redemption**

Investors may note that even though this is an open-ended scheme, the Scheme would repurchase/redeem Units in Creation Unit Size only. Thus unit holdings less than the Creation Unit Size can only be sold through the secondary market on the Stock Exchange where these units are listed, subject to the rules and regulations of the Exchange.

#### **Risks associated with segregated portfolio**

1. Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer.
2. Security comprises of segregated portfolio may not realise any value.
3. Listing of units of segregated portfolio on recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the

stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

## **B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME**

The provisions of SEBI Circular No. SEBI/IMD/CIR No. 10/22701/03 dated December 12, 2003, with respect to minimum number of investors and no single investor shall account for more than 25% of the corpus of the Scheme are not applicable to exchange traded funds and hence do not apply to Axis Healthcare ETF.

## **C. SPECIAL CONSIDERATIONS, if any**

- Prospective investors should study this Scheme Information Document and Statement of Additional Information carefully in its entirety and should not construe the contents hereof as advice relating to legal, taxation, financial, investment or any other matters and are advised to consult their legal, tax, financial and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, before making a decision to invest/redeem/hold Units.
- The Scheme related documents i.e. SID/ KIM/ SAI or the units of the Fund are not registered in any jurisdiction including the United States of America nor in any provincial/ territorial jurisdiction in Canada. The distribution of the Scheme related document in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come into possession of the Scheme related documents are required to inform themselves about, and to observe any such restrictions. No persons receiving a copy of this Scheme related documents or any accompanying application form in such jurisdiction may treat these Scheme related documents or such application form as constituting an invitation to them to subscribe for units, nor should they in any event use any such application form, unless in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance with any registration or other legal requirements. Accordingly the Scheme related documents do not constitute an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not lawful or in which the person making such offer or solicitation is not qualified to do so or to anyone to whom it is unlawful to make such offer or solicitation as per applicable law.
- The AMC, Trustee or the Mutual Fund have not authorized any person to issue any advertisement or to give any information or to make any representations, either oral or written, other than that contained in this Scheme Information Document or the Statement of Additional Information or as provided by the AMC in connection with this offering. Prospective Investors are advised not to rely upon any information or representation not incorporated in the Scheme Information Document or Statement of Additional Information or as provided by the AMC as having been authorized by the Mutual Fund, the AMC or the Trustee.
- Redemption due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise due to such Redemptions.
- The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that the Scheme is wound up for the reasons and in the manner provided in 'Statement of Additional Information ('SAI')'.
- The tax benefits described in this Scheme Information Document and Statement of Additional Information are as available under the present taxation laws and are available subject to relevant conditions. The information given is included only for

general purpose and is based on advise received by the AMC regarding the law and practice currently in force in India as on the date of this Scheme Information Document and the Unit holders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unit holder is advised to consult his / her own professional tax advisor.

- The Mutual Fund may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form or who have been designated as such by the investor. In addition, the Mutual Fund may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to the investor. The Fund may also disclose such details to regulatory and statutory authorities/bodies as may be required or necessary.
- Pursuant to the provisions of Prevention of Money Laundering Act, 2002, if after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, on failure to provide required documentation, information, etc. by the unit holder the AMC shall have absolute discretion to report such suspicious transactions to FIU-IND and / or to freeze the folios of the investor(s), reject any application(s) / allotment of units.
- The applicant under the Scheme will be required to have a beneficiary account with a Depository Participant of NSDL/CDSL and will be required to indicate in the application the Depository Participants (DP's) name, DP ID Number and the beneficiary account number of the applicant.
- The Scheme is not sponsored, endorsed, sold or promoted by NSE Indices Limited ("NSE Indices"). NSE Indices does not make any representation or warranty, express or implied, to the owners of the Scheme or any member of the public regarding the advisability of investing in securities generally or in the Scheme particularly or the ability of the NIFTY Healthcare Index to track general stock market performance in India. The relationship of NSE Indices to the Issuer is only in respect of the licensing of the Indices and certain trademarks and trade names associated with such Indices which is determined, composed and calculated by NSE Indices without regard to the Issuer or the Scheme. NSE Indices does not have any obligation to take the needs of the Issuer or the owners of the Scheme into consideration in determining, composing or calculating the NIFTY Healthcare Index. NSE Indices is not responsible for or has participated in the determination of the timing of, prices at, or quantities of the Scheme to be issued or in the determination or calculation of the equation by which the Scheme is to be converted into cash. NSE Indices has no obligation or liability in connection with the administration, marketing or trading of the Scheme.

## **II. INFORMATION ABOUT THE SCHEME**

### **A. TYPE OF SCHEME**

An Open Ended Exchange Traded Fund tracking NIFTY Healthcare Index

### **B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?**

The investment objective of the Scheme is to provide returns before expenses that closely correspond to the total returns of the NIFTY Healthcare Index subject to tracking errors.

However, there is no assurance or guarantee that the investment objective of the scheme will be achieved

### **C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?**

Under normal circumstances, the asset allocation will be:

<b>Instruments</b>	<b>Indicative Allocation (% of net assets)</b>		<b>Risk Profile</b>
Equity instruments covered by NIFTY Healthcare Index	95	100	High
Debt & Money Market Instruments	0	5	Low to Medium

#### **Derivative:**

Investment in derivatives instruments shall be to the extent of 5% of the Net Assets of the Scheme as permitted by Regulations / guidelines issued by SEBI from time to time. The Scheme may use derivatives for such purposes as maybe permitted by the Regulations, including for the purpose of hedging and portfolio balancing and subject to guidelines issued by SEBI from time to time. Such exposure to equity derivatives of constituents or index derivatives of the underlying Index would be taken for short duration when securities of the Index are unavailable, insufficient, for rebalancing at the time of change in Index, in case of corporate actions, for hedging purposes or for efficient portfolio management, etc.

The cumulative gross exposure through equity, debt and derivative position should not exceed 100% of the net assets of the Scheme in accordance with SEBI circular no. Cir/MD/DF/11/2010 dated August 18, 2010 as amended from time to time.

The Scheme shall not carry out short selling. The scheme will also not invest in foreign securities securitized debt and in debt instruments having structured obligations / credit enhancements.

#### **Stock Lending by the Fund**

The Scheme shall adhere to the following limits should it engage in Stock Lending:

Not more than 20% of the net assets of the Scheme can generally be deployed in Stock Lending.

The net assets of the Scheme will be invested predominantly in stocks constituting the NIFTY Healthcare Index. This would be done by investing in all the stocks comprising the NIFTY Healthcare Index in approximately the same weightage that they represent in the NIFTY Healthcare Index. The Scheme may take exposure through derivative transactions in the manner and upto the limit as may be specified by SEBI from time to time. A small portion of the net assets of the Scheme will be invested in debt and money market instruments permitted by SEBI / RBI including call money market or in alternative investment for the call money market as may be provided by the RBI, to meet the liquidity requirements of the Scheme.

Being a passively managed exchange traded fund, change in investment pattern is normally not foreseen. However, for short durations part of the corpus may be pending for deployment, in cases of extreme market conditions, special events or corporate events, like declaration of dividend by the companies comprising the index.

Pending deployment of the funds in securities in terms of investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of the Scheduled Commercial Banks, subject to the guidelines issued by SEBI from time to time. Pending deployment, such funds may also be invested in units of debt and liquid mutual fund schemes.

In the event NIFTY Healthcare Index is dissolved or is withdrawn by NSE Indices Limited or is not published due to any reason whatsoever, the Trustee reserves the right to modify the Scheme so as to track a different and suitable index or to suspend tracking the respective index and appropriate intimation will be sent to the unitholders of the Scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the Scheme will be subject to tracking errors during the intervening period.

In the event of involuntary corporate action, the Scheme shall endeavor to dispose the security not forming part of the Underlying index within 7 business days from the date of listing, subject to availability of adequate liquidity for the security. Such involuntary corporate action or any other changes in the investment pattern will be for short term and for defensive considerations only. In the event of deviations, the fund manager will endeavour to carry out rebalancing within 7 business days. Where the portfolio is not rebalanced within 7 business day, justification for the same shall be placed before the Investment Review Committee and reasons for the same shall be recorded in writing. The Investment Review committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.

1. Equity share is a security that represents ownership interest in a company.
2. Equity Related Instruments are securities which give the holder of the security right to receive Equity Shares on pre agreed terms. It includes convertible bonds, convertible debentures, equity warrants, convertible preference shares, etc. The Scheme shall invest in Equity shares of constituents of NIFTY Healthcare Index, however it may be entitled to and receive Equity Related instruments of such entities by way of corporate action.
3. Equity Derivatives are financial instruments, generally traded on an exchange, the price of which is directly dependent upon (i.e., "derived from") the value of equity shares or equity indices. Derivatives involve the trading of rights or obligations based on the underlying, but do not directly transfer property.

##### **Futures:**

Futures are exchange-traded contracts to sell or buy financial instruments for future delivery at an agreed price. There is an agreement to buy or sell a specified quantity of financial instrument on a designated future date at a price agreed upon by the buyer and seller at the time of entering into a contract. To make trading possible, the exchange specifies certain standardized features of the contract. A futures contract involves an obligation on both the parties to fulfill the terms of the contract.

SEBI has permitted futures contracts on indices and individual stocks with maturity of 1 month, 2 months and 3 months on a rolling basis. The futures contracts are settled on last Thursday (or immediately preceding trading day if Thursday is a trading holiday) of each month. The final settlement price is the closing price of the underlying stock(s)/index.

##### **Options:**

Option is a contract which provides the buyer of the option (also called holder) the right, without the obligation, to buy or sell a specified asset at the agreed price on or upto a particular date. For acquiring this privilege, the buyer pays premium (fee) to the seller. The seller on the other hand has the obligation to buy or sell specified asset at the agreed price and for this obligation he receives premium. The premium is determined considering number of factors such as the market price of the underlying asset/security, number of days to expiry, risk free rate of return, strike price of the option and the volatility of the underlying asset. Option contracts are of two types viz:

Call Option - The option that gives the buyer the right but not the obligation to buy specified quantity of the underlying asset at the strike price is a call option. The buyer of the call option (known as the holder of call option) can call upon the seller of the option (writer of the option) and buy from him the underlying asset at the agreed price at any time on or before the expiry of the option.

The seller (writer of the option) on the other hand has the obligation to sell the underlying asset if the buyer of the call option decides to exercise his option to buy.

Put Option - The option that gives the buyer the right but not the obligation to sell is called put option. A Put option gives the holder (buyer) the right to sell specified quantity of the underlying asset at the strike price. The seller of the put option (one who is short Put) however, has the

obligation to buy the underlying asset at the strike price if the buyer decides to exercise his option to sell.

There are two kind of options based on the date of exercise of right. The first is the European Option which can be exercised only on the maturity date. The second is the American Option which can be exercised on or before the maturity date.

## **Debt and money market Instruments**

### **Certificate of Deposit (CD)**

Certificate of Deposit (CD) is a negotiable money market instrument issued by scheduled commercial banks and select all-India Financial Institutions that have been permitted by the RBI to raise short term resources. The maturity period of CDs issued by the Banks is between 7 days to one year, whereas, in case of FIs, maturity is one year to 3 years from the date of issue.

### **Commercial Paper (CP)**

Commercial Paper (CP) is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and all India Financial Institutions as an alternative source of short term borrowings. CP is traded in secondary market and can be freely bought and sold before maturity.

### **Treasury Bill (T-Bill)**

Treasury Bills (T-Bills) are issued by the Government of India to meet their short term borrowing requirements. T-Bills are issued for maturities of 14 days, 91 days, 182 days and 364 days. The Scheme may also invest in Cash Management Bill (CMB) issued by the Government of India to meet their short term borrowing requirements. CMB are generally issued for maturities of less than 91 days.

### **Commercial Usance Bills**

Bill (bills of exchange/promissory notes of public sector and private sector corporate entities) Rediscounting, usance bills and commercial bills.

### **Repos**

Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price. The transaction results in collateralized borrowing or lending of funds. Presently in India, corporate debt securities, Government Securities, State Government Securities and T-Bills are eligible for Repo/Reverse Repo.

Tri-party repo means a repo contract where a third entity (apart from the borrower and lender), called a Tri-Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction.

The Scheme may undertake repo or reverse repo transactions in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed by the Board of Directors of the Asset Management Company and Trustee Company.

**Securities created and issued by the Central and State Governments** as may be permitted by RBI, securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). State Government securities (popularly known as State Development Loans or SDLs) are issued by the respective State Government in co-ordination with the RBI.

### **Non -Convertible Debentures**

Non convertible debentures are securities issued by companies / institutions promoted / owned by the Central or State Governments and statutory bodies which may or may not carry a

Central/State Government guarantee, Public and private sector banks, all India Financial Institutions and Private Sector Companies. These instruments may be secured or unsecured against the assets of the Company and generally issued to meet the short term and long term fund requirements. These instruments may have fixed or floating rate coupon. The Scheme may also invest in the non convertible part of convertible debt securities.

### **Short Term Deposits**

Pending deployment of funds as per the investment objective of the Scheme, the Funds may be parked in short term deposits of the Scheduled Commercial Banks, subject to guidelines and limits specified by SEBI.

### **Units of Mutual Fund schemes**

The scheme may invest in units of liquid mutual fund schemes of Axis AMC or in the Scheme of other mutual funds in conformity with the investment objective of the Scheme and in terms of the prevailing SEBI (MF) Regulations. Provided that such investment will be within the limits specified under SEBI (MF) Regulations and will be done for cash management purposes.

The securities / instruments mentioned above and such other securities the Scheme is permitted to invest in could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity (within the investment objective of the scheme).

The securities may be acquired through initial public offering (IPOs), secondary market, private placement, rights offers, negotiated deals. Further investments in fixed income securities will be in instruments which have been assigned investment grade rating by the Credit Rating Agency.

Investment in unrated debt instruments shall be subject to complying with the provisions of the Regulations and within the limit as specified in Schedule VII to the Regulations. The AMC may constitute committee(s) to approve proposals for investments in unrated debt instruments. The AMC Board and the Trustee shall approve the detailed parameters for such investments. However, in case any unrated debt security does not fall under the parameters, the prior approval of Board of AMC and Trustee shall be sought.

For applicable regulatory investment limits please refer paragraph "Investment Restrictions".

The Fund Manager reserves the right to invest in such instruments and securities as maybe permitted from time to time and which are in line with the investment objectives of the Scheme.

## **E. WHAT ARE THE INVESTMENT STRATEGIES?**

The Scheme would invest in stocks comprising the underlying index and shall endeavor to track the benchmark index. The Scheme may also invest in debt and money market instruments, in compliance with Regulations to meet liquidity and expense requirements. The Scheme endeavors to invest in stocks forming part of the underlying in the same ratio as per the index to the extent possible and to that extent follows a passive investment strategy, except to the extent of meeting liquidity and expense requirements. Events like the constituent stocks becoming illiquid in cash market, the exchange changing the constituents, a large IDCW going ex but lag in its receipts, etc tend to increase the tracking error. In such events, it may be more prudent for the Scheme to take exposure through derivatives of the index itself or its constituent stocks in order to minimize the long term tracking error.

### **Portfolio Turnover:**

The Scheme being an open ended scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis by Authorized Participants and Large investors. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

### **Derivatives Strategy:**

The Scheme may invest in various derivative instruments which are permissible under the applicable regulations. Such investments shall be subject to the investment objective and strategy

of the Scheme and the internal limits if any, as laid down from time to time. These include but are not limited to futures (both stock and index) and options (stock and index).

Derivatives are financial contracts of pre-determined fixed duration, like stock futures/options and index futures and options, whose values are derived from the value of an underlying primary financial instrument such as: interest rates, exchange rates, commodities, and equities.

Derivatives can be either exchange traded or can be over the counter (OTC). Exchange traded derivatives are listed and traded on stock exchanges whereas OTC derivative transactions are generally structured between two counterparties.

The objectives of the various strategies include hedge stock / portfolio against market gyrations.

The risks associated with derivatives are similar to those associated with underlying investments. The additional risks of using derivative strategies could be on account of:

- Illiquidity;
- Potential mis - pricing of the Futures/Options;
- Lack of opportunity;
- Inability of derivatives to correlate perfectly with the underlying (Indices, Assets, Exchange Rates);
- Cost of hedge can be higher than adverse impact of market movements;
- An exposure to derivatives in excess of the hedging requirements can lead to losses;
- An exposure to derivatives can also limit the profits from a genuine investment transaction;
- The prices which are seen on the screen need not be the same at which execution will take place;
- In case of option writing, the downside of the strategy could be more than the option premium earned. As per the extant SEBI Regulations / circulars, Mutual Funds cannot write options.

For detailed risks associated with use of derivatives, please refer paragraph "Scheme Specific Risk Factors". Exchange traded derivatives Contracts in stocks and indices in India are currently cash settled at the time of maturity.

Derivatives allowed for mutual funds are only exchange traded and not OTC.

Concepts and Examples of derivatives which may be used by the fund manager:

### **Futures**

Futures (Index & Stocks) are forward contracts traded on the exchanges available on BSE and NSE, the two primary exchanges in India. NIFTY Futures follow a weekly or monthly settlement cycle. These futures expire on the working Thursday of the week or the last working Thursday of the respective months.

### **Illustration with Index Futures**

In case the NIFTY 50 near month future contract is trading at say, Rs. 9,510, and the fund manager has a view that it will depreciate going forward; the Scheme can initiate a sale transaction of NIFTY futures at Rs. 9,510 without holding a portfolio of equity stocks or any other underlying long equity position. Once the price falls to Rs. 9,400 after say, 20 days, the Scheme can initiate a square-up transaction by buying the said futures and book a profit of Rs. 110.

Correspondingly, if the fund manager has a positive view he can initiate a long position in the index / stock futures without an underlying cash/ cash equivalent subject to the extant regulations.

There are futures based on stock indices as mentioned above as also futures based on individual stocks. The profitability of index /stock future as compared to an individual security will inter-alia depends upon:

- The carrying cost,
- The interest available on surplus funds, and

- The transaction cost.

Example of a typical future trade and the associated costs

Particulars	Index Future	Actual Purchase of Stocks
Index at the beginning of the month	9,500	9,500
Price of 1 month future	9,510	
A. Execution cost: Carry and other index future costs	10	
B. Brokerage cost: Assumed at 0.2% of Index Future	19.02	23.75
0.25% for spot Stocks		
C. Gains on surplus fund: (Assumed 8% p.a. return on 85% of the money left after paying 15% margin) $(8\% \times 9500 \times 85\% \times 30 \text{ days} / 365)$	53.10	0
Total Cost (A+B-C)	-24.08	23.75

For the purpose of portfolio rebalancing and efficient portfolio management it may be more prudent for the fund to take exposure through derivatives of the index itself or its constituent stocks in order to minimize the long term tracking error.

Some strategies that employ stock /index futures and their objectives:

**(a) Use of derivatives for portfolio rebalancing and efficient portfolio management:**

(1) Selling spot and buying future: In case the Scheme holds the stock of a company "A" at say Rs. 100 while in the futures market it trades at a discount to the spot price say at Rs. 98, then the Scheme may sell the stock and buy the futures.

On the date of expiry of the stock future, the Scheme may reverse the transactions (i.e. buying at spot & selling futures) and earn Rs. 2 (2% absolute) on its holdings.

The Scheme can still participate/benefit from any movement of the price i.e. if on the date of expiry of the futures, the stock trades at Rs. 110 which would be the price of the futures too, the Scheme will have a benefit of Rs 10 whereby the Scheme gets the 10% upside movement together with the 2% benefit thus getting a total return of 12%. The corresponding return in case of holding the stock would have been 10%.

Note: The same strategy can be replicated with a basket of NIFTY- 50 stocks (Synthetic NIFTY) and the NIFTY future index.

(2) Buying spot and selling future: Where the stock of a company "A" is trading in the spot market at Rs. 100 while it trades at Rs. 102 in the futures market, and in case the scheme has a long position in the futures of that company, then the Scheme may buy the stock at spot and sell in the futures market to switch exposure to cash equity.

**Risk:** On the date of expiry, when the arbitrage is to be unwound, it is not necessary for the stock price and its future contract to coincide. There could be a discrepancy in their prices even a minute before the market closes. Thus, there is a possibility that the arbitrage strategy gets unwound at different prices.

**(b) Buying/ Selling Stock/Index future:**

When the Scheme wants to initiate a long position in a stock whose spot price is at say, Rs.100 and futures is at 98, then the Scheme may just buy the futures contract instead of the spot thereby benefiting from a lower cost. Similarly, the scheme may use index futures for a temporary basis for efficient index replication while deploying fresh inflows.

**Risk:** There is risk of not being able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets. Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.

### **Option Contracts (Stock and Index)**

An Option gives the buyer the right, but not the obligation, to buy (call) or sell (put) a stock at an agreed-upon price during a certain period of time or on a specific date.

Options are used to manage risk or as an investment to generate income. The price at which underlying security is contracted to be purchased or sold is called the Strike Price.

Options that can be exercised on or before the expiration date are called American Options while, Options that can be exercised only on the expiration date are called European Options.

### **Options Risk / Return Pay-off Table**

	<b>Stock / Index Options</b>	<b>Buy Call</b>	<b>Sell Call</b>	<b>Buy Put</b>	<b>Sell Put</b>
1	View on underlying	Positive	Negative	Negative	Positive
2	Premium	Pay	Receive	Pay	Receive
3	Risk Potential	Limited to premium paid	Unlimited	Limited to premium paid	Unlimited
4	Return Potential	Unlimited	Premium Received	Unlimited	Premium Received

Option contracts are of following two types - Call and Put.

**Call Option:** A call option gives the buyer, the right to buy specified quantity of the underlying asset at the set strike price on or before expiration date and the seller (writer) of call option however, has the obligation to sell the underlying asset if the buyer of the call option decides to exercise the option to buy.

**Put Option:** A put option gives the buyer the right to sell specified quantity of the underlying asset at the set strike price on or before expiration date and the seller (writer) of put option however, has the obligation to buy the underlying asset if the buyer of the put option decides to exercise his option to sell.

**Risk:** The options buyer's risk is limited to the premium paid. However the gains of an options writer are limited to the premiums earned. The exchange may impose restrictions on exercise of options and may also restrict the exercise of options at certain times in specified circumstances and this could impact the value of the portfolio. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the exercise price. The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme.

### **Index Options / Stock Options**

Index options / Stock options are termed to be an efficient way of buying / selling an index/stock compared to buying / selling a portfolio of physical shares representing an index for ease of execution and settlement. The participation can be done by buying / selling either Index futures or by buying a call/put option.

The risks are also different when index /stock futures are bought/sold vis-a-vis index/ stocks options as in case of an index future there is a mark to market variation and the risk is much higher as compared to buying an option, where the risk is limited to the extent of premium paid.

The illustration below explains how one can gain using Index call / put option. These same principles of profit / loss in an Index option apply in totality to that for a stock option.

### Call Option

Suppose an investor buys a Call option on 1 lot of NIFTY 50 (Lot Size: 75 units)

- NIFTY index (European option).
- NIFTY 1 Lot Size: 75 units
- Spot Price (S): 9,500
- Strike Price (x): 9,550 (Out-of-Money Call Option)
- Premium: 100

Total Amount paid by the investor as premium  $[75 \times 100] = \text{Rs. } 7,500$

There are two possibilities i.e. either the index moves up over the strike price or remains below the strike price.

Case 1- The index goes up

- An investor sells the NIFTY Option described above before expiry:

Suppose the NIFTY 50 Index moves up to 9,600 in the spot market and the premium has moved to Rs 200 and there are 15 days more left for the expiry. The investor decides to reverse his position in the market by selling his 1 NIFTY call option as the option now is In the Money.

His gains are as follows:

- NIFTY Spot: 9,600
- Current Premium: Rs.200
- Premium paid: Rs.100
- Net Gain:  $\text{Rs.}200 - \text{Rs.}100 = \text{Rs.}100$  per unit
- Total gain on 1 lot of NIFTY 50 (75 units) =  $\text{Rs.}7,500$  ( $75 \times 100$ )

In this case the premium of Rs.200 has an intrinsic value of Rs.50 per unit and the remaining Rs.150 is the time value of the option.

- An investor exercises the NIFTY Option at expiry

Suppose the NIFTY 50 index moves up to 9,700 in the spot market on the expiry day and the investor decides to reverse his position in the market by exercising the NIFTY call option as the option now is In The Money.

His gains are as follows:

- NIFTY Spot: 9,700
- Premium paid: Rs.100
- Exercise Price: 9550
- Receivable on exercise:  $9,700 - 9,550 = 150$
- Total Gain:  $\text{Rs.}3,750$   $\{(150 - 100) \times 75\}$

In this case the realized gain is only the intrinsic value, which is Rs.50, and there is no time value.

Case 2 - The NIFTY index moves to any level below 9550

Then the investor does not gain anything but on the other hand his loss is limited to the premium paid:

Net Loss is Rs.7,500 (Loss is capped to the extent of Premium Paid)

(Rs 100 Premium paid \* Lot Size: 75 units).

### Put Option

Suppose an investor buys a Put option on 1 lot of NIFTY 50.

- NIFTY 1 Lot Size: 75 units
- Spot Price (S): 9,500
- Strike Price (x): 9,450 (Out-of-Money Put Option)
- Premium: Rs. 30
- Total Amount paid by the investor as premium  $[75 \times 30] = \text{Rs. } 2,250$

There are two possibilities i.e. either the index moves over the strike price or moves below the strike price.

Let us analyze these scenarios.

### Case 1 - The index goes down

- An investor sells the NIFTY Option before expiry:

Suppose the NIFTY 50 index moves down to 9400 in the spot market and the premium has moved to Rs. 80 and there are 15 days more left for the expiry. The investor decides to reverse his position in the market by selling his 1 NIFTY Put Option as the option now is In The Money.

His gains are as follows:

- NIFTY Spot: 9,400
- Premium paid: Rs.30
- Net Gain:  $\text{Rs.}80 - \text{Rs.}30 = \text{Rs.}50$  per unit
- Total gain on 1 lot of NIFTY (75 units) =  $\text{Rs.}3.750$  ( $50 \times 75$ )

In this case the premium of Rs.80 has an intrinsic value of Rs.50 per unit and the remaining Rs.30 is the time value of the option.

An investor exercises the NIFTY Option at expiry (It is an European Option)

Suppose the NIFTY 50 Index moves down to 9400 in the spot market on the expiry day and the investor decides to reverse his position in the market by exercising the NIFTY Put Option as the option now is In The Money.

His gains are as follows:

- NIFTY Spot: 9,400
- Premium paid: Rs.30
- Exercise Price: 9,450
- Gain on exercise:  $9,450 - 9,400 = 50$
- Total Gain:  $\text{Rs.}1,500 \{(50 - 30) \times 75\}$

In this case the realized amount is only the intrinsic value, which is Rs.50, and there is no time value in this case.

Case 2 - If the NIFTY 50 index stays over the strike price which is 9,450, in the spot market then the investor does not gain anything but on the other hand his loss is limited to the premium paid.

- NIFTY Spot:  $>9,450$
- Net Loss  $\text{Rs.}2,250$  (Loss is capped to the extent of Premium Paid)  
( $\text{Rs.}30$  Premium paid \* Lot Size: 75 units).

Investment in derivatives are subject to certain risks, details of which are enumerated under section 'Risks associated with investments in derivatives'.

### **Risk Control:**

The scheme aims to track the NIFTY Healthcare Index as closely as possible before expenses. The index is tracked on a regular basis and changes to the constituents or their weights, if any, are replicated in the underlying portfolio with the purpose of minimizing tracking error.

Investments in equity securities and money market securities carry various risks such as inability to sell securities, trading volumes and settlement periods, interest rate risk, liquidity risk, default risk, reinvestment risk etc. Whilst such risks cannot be eliminated, they may be mitigated by diversification.

In order to mitigate the various risks, the portfolio of the Scheme will be constructed in accordance with the investment restriction specified under the Regulations which would help in mitigating certain risks relating to investments in securities market.

The AMC has incorporated adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep it in line with the investment objective of the Scheme.

### **TRACKING ERROR**

Tracking error is a measure of the difference in returns from the Scheme and the returns from the

index. It is computed as the standard deviation of the difference between the daily returns of the underlying benchmark and the NAV of the Scheme on an annualized basis.

Tracking error could be the result of a variety of factors including but not limited to:

- Delay in the purchase or sale of stocks within the benchmark due to:
  - » Illiquidity in the stock,
  - » Delay in realisation of sale proceeds,
- The Scheme may buy or sell the stocks comprising the index at different points of time during the trading session at the then prevailing prices which may not correspond to its closing prices.
- The potential for trades to fail, which may result in the Scheme not having acquired the stocks at a price necessary to track the benchmark price.
- The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses.
- Disinvestments to meet redemptions, recurring expenses, IDCW payouts etc.
- Execution of large buy / sell orders
- Transaction cost and recurring expenses
- Delay in realisation of Unit holders' funds
- Levy of margins by exchanges

The Scheme will endeavor to minimise the tracking error by:

- Rebalancing of the portfolio.
- Setting off of incremental subscriptions against redemptions.
- Use of derivatives for portfolio rebalancing and efficient portfolio management

Under normal circumstances, such tracking errors are not expected to exceed 2% p.a. for daily 12 month rolling return. However, in case of events like, IDCW received from underlying securities, rights issue from underlying securities and market volatility during rebalancing of the portfolio following the rebalancing of the underlying index, redemptions directly with the Scheme not in Creation Unit Size, etc. or in abnormal market circumstances, the tracking error may exceed the above limits. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Index.

## **INVESTMENT BY THE AMC IN THE SCHEME**

The AMC may invest in the Scheme on an ongoing basis. In addition the AMC may purchase units of the Scheme directly from the Stock Exchange(s) after the Units are listed on the Stock Exchange, subject to the SEBI (MF) Regulations. As per the existing SEBI (MF) Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the Scheme.

The sponsor or asset management company shall invest not less than one percent of the amount which would be raised in the new fund offer or fifty lakh rupees, whichever is less, in the scheme and such investment shall not be redeemed unless the scheme is wound up.

## **F. FUNDAMENTAL ATTRIBUTES**

Following are the Fundamental Attributes of the Scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

### **i. Type of a scheme**

An open ended Scheme replicating/tracking NIFTY Healthcare Index

### **ii. Investment Objective**

Main Objective: The investment objective of the Scheme is to provide returns before expenses that closely correspond to the total returns of the NIFTY Healthcare Index subject to tracking errors.

However, there is no assurance or guarantee that the investment objective of the scheme will be achieved.

Investment Pattern: Please refer to sub - section C 'How will the Scheme Allocate its Assets?' under the section II 'INFORMATION ABOUT THE SCHEME'.

### **iii. Terms of Issue**

- Liquidity provisions such as listing, Repurchase, Redemption (please refer to relevant provisions on listing, repurchase, redemption in section III 'Units and Offer')
- Aggregate fees and expenses charged to the scheme (please refer to section IV "**FEES and EXPENSES**").
- Any safety net or guarantee provided. – Not applicable for the Scheme

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- An addendum to the existing SID shall be issued and displayed on AMC website immediately.
- SID shall be revised and updated immediately after completion of duration of the exit option (not less than 30 days from the notice date).
- A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.

In addition to the conditions specified above, for effecting any change in the fundamental attributes of the scheme, trustees shall take comments of the SEBI and any change suggested by SEBI would be incorporated before carrying such proposed change(s).

## **G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?**

NIFTY Healthcare TRI.

### **Justification for use of benchmark**

As the Scheme primarily invests in constituents of NIFTY Healthcare Index & the investment objective is to provide returns before expenses that closely correspond to the total returns of the NIFTY Healthcare Index, the Scheme will be benchmarked against the NIFTY Healthcare Index.

The Trustee/AMC reserves the right to change the benchmark for the evaluation of the performance of the Scheme from time to time, keeping in mind the investment objective of the Scheme and the appropriateness of the benchmark, subject to SEBI guidelines and other prevalent guidelines.

In terms of SEBI Circular dated January 10, 2019 which specifies the portfolio concentration norms as follows, shall be complied with respect to the underlying Index:

- The index has a minimum of 10 stocks as its constituents.
- No single stock in the sectoral index shall have more than 35% weight in the index.
- The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
- The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

The benchmark shall be in compliance of the aforesaid norms.

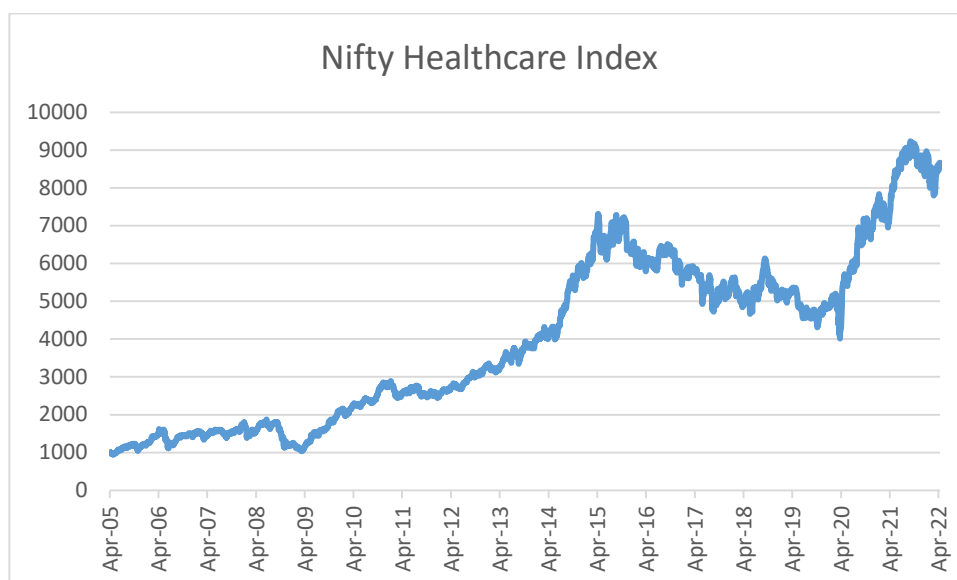

#### **ABOUT THE INDEX: Nifty Healthcare Index**

The index consists of top 20 companies from the Healthcare sector within the Nifty 500 index. Stocks are selected based on their average free-float market capitalization. The weight of each stock in the index is based on its free float market capitalization. The single stock weight shall be capped at 33% and the total weight of top 3 stocks shall not be more than 62% at the time of rebalancing. The base date for the index is April 01, 2005 and base value is 1000. The index composition is reconstituted on a semi-annual basis and weights are rebalanced on a quarterly basis. Nifty Healthcare Index aims to reflect the performance of the Healthcare sector. This new index, along with the existing Nifty sector indices, will help market participants gauge the riskreturn dynamics of various sectors across time. This index will appeal to investors looking to invest in the healthcare sector through ETFs or index funds.

Nifty Healthcare Index will be calculated on an end-of day basis. The index is expected to act as a benchmark for asset managers looking for reliable metrics that measure the performance of sectoral funds. The index is also expected to be a reference index which can be tracked by passive funds in the form of Exchange Traded Funds (ETFs), index funds and structured products.

#### **Performance of Index**

## INTRODUCTION TO EXCHANGE TRADED FUNDS

An ETF is a passively managed product that provides exposure to an index or a basket of securities with the objective of generating returns as close to the index as possible. The key benefit of an ETF over traditional open-ended index funds is liquidity and availability of real-time market price on stock exchange. They can be bought and sold on the exchange at prices that are usually close to the actual intra-day NAV of the Scheme. ETFs provide investors a fund that closely tracks the performance of an index with the ability to buy/sell on an intra-day basis. ETFs are structured in a manner which allows to create new units (called creation units) and redeem outstanding units directly with the fund, thereby ensuring that ETFs trade close to their actual NAVs.

ETFs are usually passively managed funds wherein subscription/redemption of units work on the concept of exchange with underlying securities. In other words, large investors/institutions can purchase units by depositing the underlying securities with the mutual fund/AMC and can redeem by receiving the underlying shares in exchange of units. Units can also be bought and sold directly on the exchange. ETFs have all the benefits of indexing such as diversification, low cost and transparency. As ETFs are listed on the exchange, costs of distribution are much lower and the reach is wider. These savings in cost are passed on to the investors in the form of lower costs. Furthermore, exchange traded mechanism helps reduce minimal collection, disbursement and other processing charges.

Tracking Error of ETFs is likely to be low as compared to a normal index fund. Due to the Creation/Redemption of units through the in-kind mechanism the mutual fund can keep lesser funds in cash. Also, time lag between buying/selling units and the underlying shares is much lower.

### Benefits of ETFs

- Can be easily bought / sold like any other stock on the exchange through terminals spread across the country.
- Can be bought / sold anytime during market hours at prices that are expected to be close to actual NAV of the Scheme. Thus, investor invests at nearly the real-time prices as opposed to end of day prices.
- Ability to put limit orders.
- Protects long-term investors from the inflows and outflows of short-term investors. This is because the fund does not bear extra transaction cost when buying/selling due to frequent subscriptions and redemptions.
- Flexible as it can be used as a tool for gaining instant exposure to the equity markets, equitising cash, for arbitraging between the cash and futures market.

Market for ETFs: The assets-under-management for ETFs which was approx. Rs 3,800 crores as of September 2010 has grown to over Rs. 1,70,000 crores in February 2020. The primary categories of ETFs in India are: ETFs tracking frontline indices like NIFTY 50, Sensex & NIFTY Bank. In addition, ETF's designed specifically as part of the government divestment programme like the Bharat 22 & Central Public Sector Enterprises (CPSE) continue to manage significant assets within the ETF space. In all currently the Indian ETF market consists of 80 ETF's tracking indices across Equity, debt and gold. With the guidelines for Provident Funds being liberalized, ETFs have been the preferred mode for long-term retirement funds to access the equity markets in a hassle free manner. Also, given the ETF market globally has grown significantly over the past few years, there is a strong case that the size and breadth of the ETF market has a potential go up in India in years to come.

## I. WHAT ARE THE INVESTMENT RESTRICTIONS?

The following are the restrictions as are laid out in Schedule Seven to the SEBI (Mutual Funds) Regulations, 1996.

1. The Mutual Fund under all its Scheme(s) shall not own more than ten per cent of any company's paid up capital carrying voting rights. Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1), of regulation 7B.
2. The Mutual Fund shall enter into transactions relating to Government Securities only in dematerialised form.
3. The Scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments:

Provided that the Scheme may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the Scheme subject to such conditions as may be specified by the Board from time to time:

Provided further that the Scheme shall comply with the norms under this clause within the time and in the manner as may be specified by the Board:

Provided further that the norms for investments by the Scheme in unrated debt instruments shall be as specified by the Board from time to time.

Note: According to the Asset Allocation of the Scheme, the indicative allocation of the Scheme to Debt and Money market instruments shall be in the range of 0% to 5% of the net assets of the Scheme, subject to conditions specified.

4. The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the SEBI Act, 1992. Such investment limit may be extended to 12% of the NAV of the Scheme with the prior approval of the Trustee and the Board of Directors of AMC.

Such limit shall not be applicable for investment in Government Securities, treasury bills and collateralized borrowing and lending obligations.

Note: According to the Asset Allocation of the Scheme, the indicative allocation of the Scheme to Debt and Money market instruments shall be in the range of 0% to 5% of the net assets of the Scheme, subject to conditions specified.

5. The Scheme may invest in other schemes of the Mutual Fund or any other mutual fund (restricted to only debt and liquid funds) without charging any fees, provided the aggregate inter-scheme investment made by all the schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the Net Asset Value of the Mutual Fund.
6. The Scheme shall not make any investment in :
  - a. any unlisted security of an associate or group company of the sponsor; or
  - b. any security issued by way of private placement by an associate or group company of the sponsor; or
  - c. the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.
7. The Mutual Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
8. Transfer of investments from one scheme to another scheme in the same Mutual Fund is permitted provided:
  - a. such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
  - b. the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

Further, inter scheme transfers shall be in accordance with the guidelines issued by SEBI circular no. SEBI/HO/IMD/DF4/CIR/P/2020/202 dated October 08, 2020 as amended from time to time.

9. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

The scheme shall not engage in in short selling of securities or carry forward transactions.

Provided that the Mutual Fund may engage in securities lending and borrowing specified by SEBI.

Provided further that the Mutual Fund may enter into Derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard.

10. The Scheme shall not make any investment in any fund of funds scheme.
11. Pending deployment of the funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI from time to time:

The Scheme will comply with the following guidelines/restrictions for parking of funds in short term deposits:

- i. "Short Term" for such parking of funds by the Scheme shall be treated as a period not exceeding 91 days. Such short-term deposits shall be held in the name of the Scheme.
- ii. The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
- iii. Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- iv. The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- v. The Scheme shall not park funds in short term deposit (STD) of a bank which has invested in that Scheme. Further Trustees/ AMCs shall also ensure that the bank in which the Scheme has STD do not invest in the said scheme until the Scheme has STD with such bank.
- vi. The AMC will not charge any investment management and advisory fees for funds parked in short term deposits of scheduled commercial banks

However, the above provisions will not apply to term deposits placed as margins for trading in cash and Derivatives market.

12. The Scheme shall not advance any loans.
13. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of Repurchase/Redemption of Unit or payment of interest and/or IDCW to the Unit holder.

The Fund shall not borrow more than 20% of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.

14. The Scheme will comply with the following restrictions for trading in exchange traded derivatives, as specified by SEBI vide its circular DNP/DF-29/2005 dated September 14, 2005, Circular DNP/DF-30/2006 dated January 20, 2006 and Circular DNP/DF-31/2006 dated September 22, 2006, circular no. Cir/IMD/DF/11/2010 dated August 18, 2010, circular no. SEBI/HO/MRD/DP/CIR/P/2016/143 dated December 27, 2016, circular no. SEBI/HO/IMD/DF2/CIR/P/2017/13 dated February 20, 2017 and circular no. SEBI/HO/IMD/DF2/CIR/P/2017/109 dated September 27, 2017:

**i. Position limit for the Mutual Fund in equity index options contracts**

- a. The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crores or 15% of the total open interest of the market in index options, whichever is higher, per stock exchange.

- b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

**ii. Position limit for the Mutual Fund in equity index futures contracts:**

- a. The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs.500 crores or 15% of the total open interest of the market in index futures, whichever is higher, per stock exchange.
- b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

**iii. Additional position limit for hedging**

In addition to the position limits at point (i) and (ii) above, the Mutual Fund may take exposure in equity index derivatives subject to the following limits:

- a. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
- b. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, Treasury Bills and similar instruments.

**iv. Position limit for Mutual Fund for stock based derivative contracts**

- a. The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).

**v. Position limit for each scheme of a Mutual Fund**

- i. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a Mutual Fund shall not exceed the higher of 1% of the free float market capitalization (in terms of number of shares)  
**or**  
5% of the open interest in the derivative contract on a particular underlying stock (in terms of number of contracts).
- ii. This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
- iii. For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

15. Further, SEBI vide its circular no. Cir/ IMD/ DF/ 11/ 2010 dated August 18, 2010 as amended from time to time has prescribed the following investment restrictions w.r.t. investment in derivatives:

1	The cumulative gross exposure through equity, debt and derivative positions shall not exceed 100% of the net assets of the scheme. Cash or cash equivalents with residual maturity of less than 91 days shall be treated as not creating any exposure.
2	The Scheme shall not write options or purchase instruments with embedded written options.
3	The total exposure related to option premium paid shall not exceed 20% of the net assets of the scheme.
4	Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:  a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.

	<p>b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.</p> <p>c. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.</p> <p>d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.</p>								
5	Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.								
6	<p>Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:</p> <table border="1" data-bbox="359 831 1324 1003"> <thead> <tr> <th>Position</th> <th>Exposure</th> </tr> </thead> <tbody> <tr> <td>Long Future</td> <td>Futures Price * Lot Size * Number of Contracts</td> </tr> <tr> <td>Short Future</td> <td>Futures Price * Lot Size * Number of Contracts</td> </tr> <tr> <td>Option bought</td> <td>Option Premium Paid * Lot Size * Number of Contracts.</td> </tr> </tbody> </table>	Position	Exposure	Long Future	Futures Price * Lot Size * Number of Contracts	Short Future	Futures Price * Lot Size * Number of Contracts	Option bought	Option Premium Paid * Lot Size * Number of Contracts.
Position	Exposure								
Long Future	Futures Price * Lot Size * Number of Contracts								
Short Future	Futures Price * Lot Size * Number of Contracts								
Option bought	Option Premium Paid * Lot Size * Number of Contracts.								
7	<p>(a) Mutual Funds may enter into plain vanilla Interest Rate Swaps (IRS) for hedging purposes. The value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme.</p> <p>(b) In case of participation in IRS is through over the counter transactions, the counter party has to be an entity recognized as a market maker by RBI and exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme. However, if mutual funds are transacting in IRS through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable.</p>								

The Scheme will comply with the other Regulations applicable to the investments of Mutual Funds from time to time.

All the investment restrictions will be applicable at the time of making investments.

The AMC/Trustee may alter these above stated restrictions from time to time to the extent the Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective.

### **Debt and Money Markets in India**

The Indian debt market is today one of the largest in Asia and includes securities issued by the Government (Central & State Governments), public sector undertakings, other government bodies, financial institutions, banks and corporates. Government and public sector enterprises are the predominant borrowers in the markets. The major players in the Indian debt markets today are banks, financial institutions, mutual funds, insurance companies, primary dealers, trusts, pension funds and corporates. The Indian debt market is the largest segment of the Indian financial markets. The debt market comprises broadly two segments, viz. Government Securities market or G-Sec market and corporate debt market. The latter is further classified as market for PSU bonds and private sector bonds.

The Government Securities (G-Secs) market, consists of G-Sec outstanding of Rs. 80,59,921.302cr as on Feb 28, 2022 (State Govt securities - Rs 38,31,895.100 cr, (as on Feb'21) Source: CCIL), is the oldest and the largest component (50% share in market cap) of the Indian debt market in terms of market capitalization, outstanding securities and trading volumes. The G-Secs market plays a vital role in the Indian economy as it provides the benchmark for determining the level of interest rates in the country through the yields on the Government Securities which are referred to as the risk-free rate of return in any economy. Over the years, there have been new products introduced by the RBI like zero coupon bonds, floating rate bonds, inflation indexed bonds, etc.

The corporate bond market, in the sense of private corporate sector raising debt through public issuance in capital market, is only an insignificant part of the Indian Debt Market. A large part of the issuance in the non-Government debt market is currently on private placement basis.

The money markets in India essentially consist of the call money market (i.e. market for overnight and term money between banks and institutions), repo transactions (temporary sale with an agreement to buy back the securities at a future date at a specified price), commercial papers (CPs, short term unsecured promissory notes, generally issued by corporates), certificate of deposits (CDs, issued by banks) and Treasury Bills (issued by RBI). In a predominantly institutional market, the key money market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and corporates. In money market, activity levels of the Government and nongovernment debt vary from time to time. Instruments that comprise a major portion of money market activity include but not limited to:

- Overnight Call
- Tri Party Repo
- Repo/Reverse Repo Agreement
- Treasury Bills
- Government securities with a residual maturity of < 1 year.
- Commercial Paper
- Certificate of Deposit

Apart from these, there are some other options available for short tenure investments that include MIBOR linked debentures with periodic exit options and other such instruments. Though not strictly classified as Money Market Instruments, PSU / DFI / Corporate paper with a residual maturity of < 1 year, are actively traded and offer a viable investment option.

The market has evolved in past 2-3 years in terms of risk premia attached to different class of issuers. Bank CDs have clearly emerged as popular asset class with increased acceptability in secondary market. PSU banks trade the tightest on the back of comfort from majority government holding. Highly rated manufacturing companies also command premium on account of limited supply. However, there has been increased activity in papers issued by private/foreign banks/NBFCs/companies in high-growth sector due to higher yields offered by them. Even though companies across these sectors might have been rated on a same scale, the difference in the yield on the papers for similar maturities reflects the perception of their respective credit profiles.

The following table gives approximate yields prevailing on Mar 31st, 2022 on some of the instruments and further illustrates this point.

<b>Instrument</b>	<b>Current Yield range (%)</b>
Tri-party Repo	3.35%-3.40%
Repo	3.35%-3.40%
3M T-bill	3.70%-3.75%
1Y T-bill	4.45%-4.55%
10Y G-sec	6.80%-6.85%
3m PSU Bank CD	3.90%-3.95%
3m Manufacturing co. CP	4.00%-4.05%
1Y PSU Bank CD	4.70%-4.75%

1Y NBFC CP	5.10%-5.20%
1Y Manufacturing co. CP	4.90%-4.95%
5Y AAA Institutional Bond	6.30%-6.40%
10Y AAA Institutional Bond	6.50%-6.55%

These yields are indicative and do not indicate yields that may be obtained in future as interest rates keep changing consequent to changes in macro-economic conditions and RBI policy. The price and yield on various debt instruments fluctuate from time to time depending upon the macro economic situation, inflation rate, overall liquidity position, foreign exchange scenario etc. Also, the price and yield vary according to maturity profile, credit risk etc.

#### **J. CREATION OF SEGREGATED PORTFOLIO**

Creation of segregated portfolio shall be subject to guidelines specified by SEBI from time to time and includes the following:

In this regard, the term 'segregated portfolio' shall mean a portfolio comprising of debt or money market instrument affected by a credit event, that has been segregated in a mutual fund scheme. The term 'main portfolio' shall mean the scheme portfolio excluding the segregated portfolio. The term 'total portfolio' shall mean the scheme portfolio including the securities affected by the credit event.

#### **Credit Event**

##### **a. For rated debt or money market instruments**

- 1) Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:
  - a. Downgrade of a debt or money market instrument to 'below investment grade', or
  - b. Subsequent downgrades of the said instruments from 'below investment grade', or
  - c. Similar such downgrades of a loan rating
- 2) In case of difference in rating by multiple CRAs, the most conservative rating shall be considered. Creation of segregated portfolio shall be based on issuer level credit events as mentioned above and implemented at the ISIN level.
- 3) Creation of segregated portfolio is optional and is at the discretion of Axis Asset Management Company Ltd. ('**Axis AMC**'/'**the AMC**')

##### **b. For unrated debt or money market instruments**

Segregated portfolio of unrated debt or money market instruments may be created only in case of actual default of either the interest or principal amount by the issuer. Credit event in this case shall be 'actual default' by the issuer of such instruments and shall be considered for creation of segregated portfolio.

#### **Process for Creation of Segregated Portfolio**

- 1) On the date of credit event, the AMC shall decide on creation of segregated portfolio. Once AMC decides to segregate portfolio, it shall:
  - a. seek approval of trustees prior to creation of the segregated portfolio.
  - b. immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors. Axis Mutual Fund shall disclose that the segregation shall be subject to Trustee approval. Additionally, the said press release shall be prominently disclosed on the website of the AMC.
  - c. ensure that till the time the Trustee approval is received, which in no case shall exceed 1 business day from the day of credit event, the subscription and redemption in the Scheme shall be suspended for processing with respect to creation of units and payment on redemptions.
- 2) Once Trustee approval is received by the AMC:

- a. Segregated portfolio shall be effective from the day of credit event
  - b. AMC shall issue a press release immediately with all relevant information pertaining to the segregated portfolio. The said information will also be submitted to SEBI.
  - c. An e-mail or SMS shall be sent to all unit holders of the Scheme.
  - d. The NAV of both segregated and main portfolios shall be disclosed from the day of the credit event.
  - e. All existing investors in the Scheme as on the day of the credit event shall be allotted equal number of units in the segregated portfolio as held in the main portfolio.
  - f. No redemption and subscription shall be allowed in the segregated portfolio. AMC shall enable listing of units of segregated portfolio on the recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests
- 3) If the trustees do not approve the proposal to segregate portfolio, AMC will issue a press release immediately informing investors of the same.

### **Valuation**

Notwithstanding the decision to segregate the debt and money market instrument, the valuation shall take into account the credit event and the portfolio shall be valued based on the principles of fair valuation (i.e. realizable value of the assets) in terms of the relevant provisions of SEBI (Mutual Funds) Regulations, 1996 and circular(s) issued thereunder.

### **Processing of Subscription and Redemption Proceeds**

All subscription and redemption requests for which NAV of the day of credit event or subsequent day is applicable will be processed as under:

- i. Upon trustees' approval to create a segregated portfolio -
  - Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
  - Investors subscribing to the Scheme will be allotted units only in the main portfolio based on its NAV.
- ii. In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

### **Disclosure**

In order to enable the existing as well as the prospective investors to take informed decision, the following shall be adhered to:

- a. A statement of holding indicating the units held by the investors in the segregated portfolio along with the NAV of both segregated portfolio and main portfolio as on the day of the credit event shall be communicated to the investors within 5 working days of creation of the segregated portfolio.
- b. Adequate disclosure of the segregated portfolio shall be made in all scheme related documents, in monthly and half-yearly portfolio disclosures and in the annual report of the mutual fund and the Scheme.
- c. The Net Asset Value (NAV) of the segregated portfolio shall be declared on daily basis.
- d. The information regarding number of segregated portfolios created in the Scheme shall appear prominently under the name of the Scheme at all relevant places such as SID, KIM-cum-Application Form, advertisement, AMC and AMFI websites, etc.
- e. The Scheme performance required to be disclosed at various places shall include the impact of creation of segregated portfolio. The Scheme performance should clearly reflect the fall in NAV to the extent of the portfolio segregated due to the credit event and the said fall in NAV along with recovery(ies), if any, shall be disclosed as a footnote to the Scheme performance.
- f. The disclosures at paragraph (d) and (e) above regarding the segregated portfolio shall be carried out for a period of at least 3 years after the investments in segregated portfolio are fully recovered/ written-off.
- g. The investors of the segregated portfolio shall be duly informed of the recovery proceedings of the investments of the segregated portfolio. Status update may be provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities.

### TER for the Segregated Portfolio

- 1) Axis AMC shall not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.
- 2) The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.
- 3) The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.
- 4) The costs related to segregated portfolio shall in no case be charged to the main portfolio.

### Monitoring by Trustees

In order to ensure timely recovery of investments of the segregated portfolio, Trustees shall ensure that:

- a. The AMC puts in sincere efforts to recover the investments of the segregated portfolio.
- b. Upon recovery of money, whether partial or full, it shall be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio.
- c. The Trustees shall monitor the compliance of this circular and disclose in the half-yearly trustee reports filed with SEBI, the compliance in respect of every segregated portfolio created.

In order to avoid mis-use of segregated portfolio, Trustees shall ensure to have a mechanism in place to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs), etc. involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of the AMC, including claw back of such amount to the segregated portfolio of the Scheme.

### Illustration of segregated portfolio

The below table shows how a security affected by a credit event will be segregated and its impact on investors:

Portfolio Date            July 22, 2019

**Email ID & Mobile Number**

Investors should provide their own email address and mobile number to enable Axis AMC for speed and ease of communication in a convenient and cost-effective manner, and to help prevent fraudulent transactions.

**Ultimate Beneficial Ownership details:**

SEBI vide its circular no. CIR/MIRSD/2/2013 dated January 24, 2013 further read with AMFI Best practices guidelines circular no. 62/2015-16 dated September 18, 2015 and other applicable regulations has prescribed guidelines, for identification of Beneficial Ownership to be followed by the intermediaries. A 'Beneficial owner' is defined as a natural person or persons who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted, and includes a person who exercises ultimate effective control over a legal person or arrangement. In this regard, all categories of investors (including all new / existing investors / unitholders) (except individuals, companies listed on a stock exchange or majority-owned subsidiary of such companies) are mandatorily required to provide beneficial ownership details for all investments. Failing which, fund

reserves the right to reject applications / subscription requests / additional subscription requests (including switches) / restrict further investments or seek additional information from investors who have not provided the requisite information on beneficial ownership. In the event of change in beneficial ownership, investors are requested to immediately update the details with the Fund/Registrar.

**Foreign Account Tax Compliance Act ('FATCA') and Common Reporting Standards (CRS) requirements:**

As a part of various ongoing tax and regulatory developments around the globe [e.g. information exchange laws such as Foreign Account Tax Compliance Act ('FATCA') and Common Reporting Standard ('CRS')], financial institutions like Axis Mutual Fund ('Axis MF' or 'the Fund') are being cast with additional investor and counterparty account related due diligence requirements.

The Central Board of Direct Taxes (CBDT) has notified Rules 114F to 114H, as part of the Income-tax Rules, 1962, which Rules require Indian financial institutions such as the Banks, Mutual Funds, etc. to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all our investors and counterparties. According to the FATCA-CRS Rules, financial institutions in India are required to report tax information about account holders that are tax resident of U.S. and other foreign countries, to the CBDT/ Indian Government which will, in turn, relay that information to the US Internal Revenue Service (IRS) and governments of other foreign countries.

These developments have resulted in compliance and reporting obligations on Financial Institutions like Axis MF. In relevant cases, information will have to be reported to tax authorities/appointed agencies. Towards compliance, the Fund may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. As may be required by domestic or overseas regulators/ tax authorities, we may also be constrained to withhold and pay out any sums from your account or close or suspend your account(s). Axis MF may also have to comply with other similar laws as and when applicable.

Prospective investors and Unit holders will therefore be required to comply with the request of the Fund to furnish such information / documentation / declarations as and when deemed necessary by the Investment Manager in accordance with Applicable Laws. In case prospective investor / Unit holder fails to furnish the relevant information / documentation / declarations in accordance with Applicable Laws, the Fund reserves the right to reject the application or redeem the Units held directly or beneficially and may also require reporting of such accounts and/or levy of withholding tax on payments made to the Unit holders / investor and/or take any other action/s in accordance with Applicable Laws. FATCA-CRS provisions are relevant not only at on-boarding

stage of Unit holders but also throughout the life cycle of investment with the Fund. Unit holders therefore should intimate to the Fund/the Investment Manager, any change in their status with respect to any FATCA-CRS related information / documentation / declarations provided by them previously, including but not limited to any declarations provided in respect of residency of the Unit holders for tax purposes promptly, i.e. within 30 days. Further, if the Fund and/or the Investment Manager is required by Applicable Laws, to provide information regarding the Fund and/or the unit holders / investors to any regulatory authority and/or the Fund Investments and/or income therefrom, and the Fund and/or the Investment Manager complies with such request in good faith, whether or not it was in fact enforceable, they shall not be liable to the Unit holders / investors or to any other party as a result of such compliance or in connection with such compliance.

Prospective investors / Unit holders should consult their own advisors to understand the implications of FATCA-CRS provisions/requirements. Please note that Axis MF will be unable to provide advice to any investor or counterparty about their tax status or FATCA/CRS classification relevant to their account. It is the responsibility of the investor or counterparty to ensure that they record their correct tax status / FATCA/ CRS classification. Investor/ counterparty may seek advice from their tax advisor in this regard. The onus to provide accurate, adequate and timely inputs in this regard would be that of the investor or counterparty. Any changes in earlier information provided must be intimated within 30 days of such change.

Investors are requested to provide all the necessary information / declarations to facilitate compliance, considering India's commitment to implement CRS and FATCA under the relevant international treaties.

**Implementation of KYC requirements:**

SEBI vide circular no. MIRSD/SE/Cir-21/2011 dated October 5, 2011 had mandated (i) Standard KYC form with uniform KYC guidelines and supporting documents to be used by SEBI registered intermediaries and (ii) Centralized KYC registration through KYC Registration Agencies (KRAs) registered with SEBI, w.e.f. January 1, 2012, to bring about uniform KYC process in the securities market, based on SEBI prescribed norms and the KYC details are shared with all SEBI registered intermediaries by the KRAs.

Subsequently, SEBI, vide its circular no. MIRSD/Cir-5/2012 dated April 13, 2012 advised various intermediaries to upload KYC data of its existing customers into the KRA system. While uploading KYC data into the KRA system, intermediaries were also required to highlight such 'Missing/Not Available' KYC information of a customer, which was either not required or not taken previously, but was mandatory as per uniform KYC guidelines issued by SEBI.

In accordance with AMFI best practices guidelines circular no. 62/2015-16 dated September 18, 2015, it is mandatory for all new/existing investors to provide additional KYC information such as Income details, Occupation, association with politically exposed person, net worth etc. as mentioned in the application form. Subscription requests, without providing these details, are liable to be rejected. No subscriptions (whether fresh or additional) and switches pertaining to 'KYC on-hold' cases are accepted, unless the investor / unitholder also submits relevant KYC missing / updated information, which is appropriately updated on the KRA - KYC.

Further, it is mandatory for existing customers to complete In-Person Verification process and provide the missing KYC information failing which their applications / transaction requests for additional subscription (including switches) is liable to be rejected.

**Central KYC Process**

Central Registry of Securitisation and Asset Reconstruction and Security interest of India ('CERSAI') has been authorised by Government of India to act as Central KYC Records Registry under Prevention of Money-Laundering (Maintenance of Records) Rules, 2005 ('PMLA Rules').

SEBI vide its circular no. CIR/MIRSD/66/2016 dated July 21, 2016 and circular no. CIR/MIRSD/120/2016 dated November 10, 2016 has prescribed that the Mutual Fund/ AMC should capture KYC information for sharing with CKYCR as per the KYC template prescribed by CERSAI for uniform and smooth implementation of CKYC norms for onboarding of new investors in Mutual Funds.

In accordance with the aforesaid SEBI circulars and AMFI best practice guidelines for implementation of CKYC norms with effect from February 1, 2017:

- a) Individual investors who have never done KYC process under KRA regime i.e. a new investor who is new to KRA system and whose KYC is not registered or verified in the KRA system shall be required to provide KYC details in the CKYC Form to the Mutual Fund/ AMC.
- b) Individual investor who fills old KRA KYC Form, should provide additional / missing information using Supplementary KYC Form or fill CKYC Form. The said form is available on Axis Mutual Fund website [www.axismf.com](http://www.axismf.com).
- c) Details of investors shall be uploaded on the system of CKYCR and a 14 digit unique KYC Identification Number ('KIN') will be generated for such customer.
- d) New investors, who have completed CKYC process & have obtained KIN may quote their KIN in the application form instead of submitting CKYC Form/ Supplementary KYC Form.
- e) AMC/ Mutual Fund shall use the KIN of the investor to download the KYC information from CKYCR system and update its records.
- f) If the PAN of investor is not updated on CKYCR system, the investor should submit self-certified copy of PAN card to the Mutual Fund/ AMC.

	<p>The AMC reserves the right to reject transaction application in case the investor(s) fails to submit information and/or documentation as mentioned above. In the event of non-compliance of KYC requirements, the Trustee / AMC reserves the right to freeze the folio of the investor(s).</p> <p><b>Submission of Aadhar Number</b> Pursuant to requirement under Prevention of Money Laundering (Maintenance of Records) Rules, 2005 as amended from time to time, proof of possession of Aadhar can be accepted as a valid document for proof of address or proof of identity of investors, provided the investor redact or blackout his Aadhar number while submitting the applications for investments.</p> <p>The aforesaid guidelines will be subject to change as per the directives issued by the concerned regulatory/ government authority from time to time.</p> <p>For further details refer to SAI.</p>

The policy regarding reissue of Repurchased Unit, including the maximum extent, the manner of reissue, the entity (the Scheme or the AMC) involved in the same.	The Scheme does not propose to reissue redeemed units. The number of Units held by the Unit holder in his Beneficiary (Demat) account will stand reduced by the number of Units redeemed.
Restrictions, if any, on the right to freely retain or dispose of units being offered.	<p>Units held in Demat form are transferable in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time. Transfer can be made only in favour of transferees who are capable of holding units and have a Demat Account. The delivery instructions for transfer of units will have to be lodged with the DP in requisite form as may be required from time to time and transfer will be affected in accordance with such rules / regulations as may be in force governing transfer of securities in dematerialized mode. The Mutual Fund will not be bound to recognise any other transfer.</p> <p>In case a person (i.e. a transferee) becomes a holder of the units by operation of law or upon enforcement of pledge, then the AMC shall, subject to production of such satisfactory evidence and submission of such documents, proceed to effect the transfer, if the intended transferee is otherwise eligible to hold the units of the Scheme.</p> <p>The units held in demat mode can be pledged and hypothecated as per the provisions of Depositories Act, 1996 and Depositories Rules and Regulations.</p> <p><b>Pledge or Hypothecation of Units</b></p>

The Units held in demat mode can be pledged and hypothecated as per the provisions of Depositories Act and Depositories Rules and Regulations.

**Manner of creating pledge or hypothecation:**

1) If a beneficial owner intends to create a pledge on a security owned by him he shall make an application to the depository through the participant who has his account in respect of such securities.

2) The participant after satisfaction that the securities are available for pledge shall make a note in its records of the notice of pledge and forward the application to the depository.

3) The depository after confirmation from the pledger that the securities are available for pledge with the pledger shall within fifteen days of the receipt of the application create and record the pledge and send an intimation of the same to the participants of the pledger and the pledgee.

4) On receipt of the intimation under Clause (3) the participants of both the pledger and the pledgee shall inform the pledger and the pledgee respectively of the entry of creation of the pledge.

5) If the depository does not create the pledge, it shall send along with the reasons an intimation to the participants of the pledger and the pledgee.

6) The entry of pledge made under Clause (3) may be cancelled by the depository if pledger or the pledgee makes an application to the depository through its participant: Provided that no entry of pledge shall be cancelled by the depository without prior concurrence of the pledgee.

7) The depository on the cancellation of the entry of pledge shall inform the participant of the pledger.

8) Subject to the provisions of the pledge document, the pledgee may invoke the pledge and on such invocation, the depository shall register the pledgee as beneficial owner of such securities and amend its records accordingly.

9) After amending its records under Clause (8) the depository shall immediately inform the participants of the pledger and pledgee of the change who in turn shall make the necessary changes in their records and inform the pledger and pledgee respectively.

10) (a) If a beneficial owner intends to create a hypothecation on a security owned by him he may do so in accordance with the provisions of Clauses (1) to (9).

(b) The provisions of Clauses (1) to (9) shall mutatis mutandis apply in such cases of hypothecation:

Provided that the depository before registering the hypothecatee as a beneficial owner shall obtain the prior concurrence of the hypothecator.

11) No transfer of security in respect of which a notice or entry of pledge or hypothecation is in force shall be effected by a participant without the concurrence of the pledgee or the hypothecatee, as the case may be.

If an investor has bought Units, an investor has to pay the purchase amount to the broker/sub-broker such that the amount paid is realised before the funds pay-in day of the settlement cycle on the Stock Exchange(s). If an investor has sold Units, an investor has to deliver the Units to the broker/sub-broker before the securities pay in day of the settlement cycle on the Stock Exchange(s). The Units (in the case of Units bought) and the funds (in the case of Units sold) are paid out to the broker on the pay-out day of the settlement cycle on the Stock Exchange(s). The Stock Exchange(s) regulations stipulate that the trading member should pay the money or Units to the investor within 24 hours of the pay-out.</p> <p>If an investor has bought Units, he should give standing instructions for 'Delivery-In' to his /her/its DP for accepting Units in his/her/its beneficiary account. An investor should give the details of his/her beneficiary account and the DP-ID of his/her/its DP to his/ her/its trading member. The trading member will transfer the Units directly to his/her/ its beneficiary account on receipt of the same from NSE's and/or any other stock exchange's Clearing Corporation.</p> <p>An investor who has sold Units should instruct his/her/its Depository Participant (DP) to give 'Delivery Out' instructions to transfer the Units from his/her/its beneficiary account to the Pool Account of his/her/its trading member through whom he/she/it have sold the Units. The details of the Pool A/C (CM-BP-ID) of his/her trading member to which</p>

	<p>the Units are to be transferred, Unit quantity etc. should be mentioned in the Delivery Out instructions given by him/her to the DP. The instructions should be given well before the prescribed securities pay-in day. SEBI has advised that the Delivery Out instructions should be given at least 24 hours prior to the cut-off time for the prescribed securities pay-in to avoid any rejection of instructions due to data entry errors, network problems, etc.</p> <p>Rolling Settlement As per the SEBI's circular dated March 4, 2003, the rolling settlement on T+2 basis for all trades has commenced from April 1, 2003 onwards. The Pay-in and Pay-out of funds and the Units will take place within 2 working days after the trading date.</p> <p>The pay-in and pay-out days for funds and securities are prescribed as per the Settlement Cycle. A typical Settlement Cycle of Rolling Settlement is given below:</p> <p>Day Activity</p> <table border="1" data-bbox="580 786 1385 1055"> <tr> <td>T</td> <td>The day on which the transaction is executed by a trading member</td> </tr> <tr> <td>T+1</td> <td>Confirmation of all trades including custodial trades by 11.00 a.m.</td> </tr> <tr> <td>T+1</td> <td>Processing and downloading of obligation files to brokers/custodians by 1.30 p.m.</td> </tr> <tr> <td>T+2</td> <td>Pay-in of funds and securities by 11.00 a.m.</td> </tr> <tr> <td>T+2</td> <td>Pay out of funds and securities by 1.30 p.m.</td> </tr> </table> <p>While calculating the days from the Trading day (Day T), weekend days (i.e. Saturday and Sundays) and bank holidays are not taken into consideration.</p>	T	The day on which the transaction is executed by a trading member	T+1	Confirmation of all trades including custodial trades by 11.00 a.m.	T+1	Processing and downloading of obligation files to brokers/custodians by 1.30 p.m.	T+2	Pay-in of funds and securities by 11.00 a.m.	T+2	Pay out of funds and securities by 1.30 p.m.

Redemption	<b>How to Redeem</b>

Investors may kindly note that Units can be redeemed with the fund house only in Creation Unit Size.

A Transaction Slip can be used by the Unit Holder to request for Redemption. The requisite details should be entered in the Transaction Slip and submitted at an ISC/Official Point of Acceptance as defined for this scheme. Transaction Slips can be obtained from any of the Designated ISCs/Official Points of Acceptance.

**Procedure for payment of redemption.**

**1. Resident Investors**

Redemption proceeds will be paid to the investor through Real Time Gross Settlement (RTGS), NEFT, Direct Credit, Cheque or Demand Draft.

- a) If investor has provided IFSC code in the application form, by default redemption proceeds shall be to be credited to Investor's account through RTGS/NEFT.
- b) If Investor has neither provided IFSC code nor the NEFT code but have a bank account with Banks with whom the Fund would has an arrangement for Direct Credit from time to time, the proceeds will be paid through direct credit.
- c) Incase if investor bank account does not fall in the above a to b categories, redemption proceeds will be paid by cheques/demand drafts, marked "Account Payee only" and drawn in the name of the sole holder / first-named holder (as determined by the records of the Registrar).

The bank name and bank account number, as specified in the Registrar's records, will be mentioned in the cheque/demand draft. The cheque will be payable at par at all bank branch or specific cities. If the Unit Holder resides in any other city, he will be paid by a demand draft payable at the city of his residence and the demand draft charges shall be borne by the AMC (please refer SAI for details).

The redemption proceeds will be sent by courier or (if the addressee city is not serviced by the courier) by registered post/UCP. The dispatch for the purpose of delivery through the courier / postal department, as the case may be, shall be treated as delivery to the investor. The AMC / Registrar are not responsible for any delayed delivery or non-delivery or any consequences thereof, if the dispatch has been made correctly as stated in this paragraph.

The AMC reserves the right to change the sequence of payment from (a) to (c) without any prior notice

For Unit holders who have given specific request for Cheque/Demand Draft Redemption proceeds will be paid by cheque/demand drafts and payments will be made in favour of the Unit holder with bank account number furnished to the Mutual Fund

(Please note that it is mandatory for the Unit holders to provide the Bank account details as per the directives of SEBI). Redemption cheques will be sent to the Unit holder's address.

The Trustee, at its discretion at a later date, may choose to alter or add other modes of payment.

**2. Non-Resident Investors / PIO / OCI**

For NRIs, Redemption proceeds will be remitted depending upon the source of investment as follows:

**(i) Repatriation basis**

When Units have been purchased through remittance in foreign exchange from abroad or by cheque / draft issued from proceeds of the Unit Holder's FCNR deposit or from funds held in the Unit Holder's Non Resident (External) account kept in India, The proceeds can also be sent to his Indian address for crediting to his NRE / FCNR / non-resident (Ordinary) account, if desired by the Unit Holder.

**(ii) Non-Repatriation basis**

When Units have been purchased from funds held in the Unit Holder's non-resident (Ordinary) account, the proceeds will be sent to the Unit Holder's Indian address for crediting to the Unit Holder's non-resident (Ordinary) account.

**(i) FPIs**

For FPIs, the designated branch of the authorized dealer may allow remittance of net sale / maturity proceeds (after payment of taxes) or credit the amount to the Foreign Currency account or Non-resident Rupee account of the FPI maintained in accordance with the approval granted to it by the RBI.

The Fund will not be liable for any delays or for any loss on account of any exchange fluctuations, while converting the rupee amount in foreign exchange in the case of transactions with NRIs / FPIs. The Fund may make other arrangements for effecting payment of redemption proceeds in future.

**Effect of Redemptions**

The number of Units held by the Unit Holder in his / her / its folio will stand reduced by the number of Units Redeemed. Units once redeemed will be extinguished and will not be re-issued.

The normal processing time may not be applicable in situations where such details are not provided by investors/Unit holders. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques and/or any delay/loss in transit.

**Signature mismatches**

If the AMC / Registrar finds a signature mismatch, while processing the redemption/ switch out request, then the AMC/ Registrar reserves the right to process the redemption only on the basis of supporting documents confirming the identity of the investors. List of such documents would be notified by AMC from time to time on its website.

	<p><b>Important Note:</b> All applicants for Purchase of Units /Redemption of Units must provide a bank name, bank account number, branch address, and account type in the Application Form.</p> <p>For investors holding units in demat mode, the procedure for change in bank details would be as per the instructions given by their respective Depository Participant(s).</p> <p><b>Unclaimed Redemptions and IDCW</b> As per circular no. MFD / CIR / 9 / 120 / 2000, dated November 24, 2000 issued by SEBI, the unclaimed Redemption and IDCW amounts shall be deployed by the Fund in money market instruments and such other instruments/securities as maybe permitted from time to time. The unclaimed Redemption and IDCW amounts shall be deployed in money market instruments and such other instruments/securities as maybe permitted from time to time. The investment management fee charged by the AMC for managing such unclaimed amounts shall not exceed 50 basis points. The circular also specifies that investors who claim these amounts during a period of three years from the due date shall be paid at the prevailing NAV. Thus, after a period of three years, this amount can be transferred to a pool account and the investors can claim the said amounts at the NAV prevailing at the end of the third year. In terms of the circular, the onus is on the AMC to make a continuous effort to remind investors through letters to take their unclaimed amounts. The details of such unclaimed amounts shall be disclosed in the annual report sent to the Unit Holders.</p> <p>AMC reserves the right to provide the facility of redeeming Units of the Scheme through an alternative mechanism including but not limited to online transactions on the Internet, as may be decided by the AMC from time to time. The alternative mechanism may also include electronic means of communication such as redeeming Units online through the AMC Website or any other website, etc. The alternative mechanisms would be applicable to only those investors who opt for the same in writing and/or subject to investor fulfilling such conditions as AMC may specify from time to time.</p> <p>Further, according to circular no. SEBI/HO/IMD/DF2/CIR/P/ 2016/37 dated February 25, 2016 as amended from time to time the unclaimed Redemption and IDCW amounts may be deployed in separate plan of Overnight schemes/Liquid scheme/Money market mutual fund scheme floated by Mutual Funds specifically for deployment of the unclaimed Redemption and IDCW amounts.</p>
<p>Delay in payment of Redemption / Repurchase proceeds</p>	<p>The AMC shall be liable to pay interest to the Unit holders at 15% or such other rate as may be prescribed by SEBI from time to time, in case the proceeds are not made within 10 Business Days of the date of redemption. However, the AMC will not be liable to pay any interest or compensation or any amount otherwise, in case the AMC / Trustee is required to obtain from the Investor / Unit holders verification of identity or such other details relating to Subscription for Units under any applicable law or as may be requested by a Regulatory Agency or any government authority, which may result in delay in processing.</p>

### C. Periodic Disclosures

<p>Net Asset Value</p> <p>This is the value per unit of the scheme on a particular day. You can ascertain the value of your investments by multiplying the NAV with your unit balance.</p>	<p>NAVs will be calculated and disclosed on all the Business Days. The AMC shall update the NAVs on the website of the AMC (<a href="http://www.axismf.com">www.axismf.com</a>) and of the Association of Mutual Funds in India - AMFI (<a href="http://www.amfiindia.com">www.amfiindia.com</a>) before 11.00 p.m. on every Business Day. If the NAVs are not available before the commencement of Business Hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAV. Further, AMC will calculate intra-day indicative NAV (computed based on snapshot prices received from NSE) and update the Indicative NAV periodically on its website at least once in two hours during market hours. However, disclosure of Indicative NAV will be subject to availability of relevant services like receipt of index value, technological feasibility and other input requirements with respect to uploading of Indicative NAV on AMC's website. Intra-day indicative NAV will not have any bearing on the creation or redemption of units directly with the Fund by the Authorized Participants /Large Investors.</p> <p>Information regarding NAV can be obtained by the Unit holders / Investors by calling or visiting the nearest ISC.</p>
<p>Monthly and Half yearly Disclosures: Portfolio / Financial Results</p> <p>This is a list of securities where the corpus of the scheme is currently invested. #### **D. Computation Of NAV**

The Net Asset Value (NAV) of the units issued under the scheme shall be calculated by determining the value of the assets of the fund and subtracting there from the liabilities of the fund taking into consideration the accruals and provisions.

The NAV per unit shall be calculated by dividing the NAV of the fund by the total number of units issued and outstanding on the valuation day. NAV of the Units under the Scheme shall be calculated as shown below:-

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's Investments} + \text{Current Assets including Accrued Income} - \text{Current Liabilities and Provisions}}{\text{No. of Units outstanding under Scheme on the Valuation Day}}$$

The NAV shall be calculated up to two decimal places. However, the AMC reserves the right to declare the NAVs up to additional decimal places as it deems appropriate.

The AMC will calculate and disclose the first NAV of the Scheme within a period of 5 business days from the date of allotment. Subsequently, the NAVs will be calculated and disclosed on all the Business Days.

#### **IV. FEES AND EXPENSES**

This section outlines the expenses that will be charged to the Scheme.

##### **A. New Fund Offer (NFO) Expenses**

Effect of STT on transactions in mutual funds is not factored into this illustration.

Please Note:

- The purpose of the above illustration is purely to explain the impact of expense ratio charged to the Scheme. The Total Expenses considered in the illustration is an hypothetical number and the actual expense may vary from the same. The Illustration should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year. The expenses of the Direct Plan under the Scheme may vary with that of the Regular Plan under the Scheme.
- Calculations are based on assumed NAVs, and actual returns on your investment may be more, or less.
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to consult his or her own financial advisor.

### C. Load Structure

Load is an amount which is presently paid by the investor to redeem the Units from the Scheme. This amount is used by the AMC to pay commission to the distributors and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, Investors may refer to the website of the AMC ([www.axismf.com](http://www.axismf.com)) or may call at **1800 221 322** (toll-free number) and additional contact number 8108622211 (chargeable) from 9.00 am to 6.00 pm (Monday to Saturday) or you can contact your distributor.

SEBI vide its circular No. SEBI/IMD/CIR No. 4/ 168230/09 dated June 30, 2009 has decided that there shall be no entry Load for all Mutual Fund Schemes.

Type of Load	Load chargeable (as %age of NAV)
--------------	----------------------------------

Entry Load	NA
Exit Load	Nil

The above mentioned load structure shall be equally applicable to the special products such as switches, etc. offered by the AMC.

The Investor is requested to check the prevailing Load structure of the Scheme before investing.

For any change in Load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

Under the Scheme, the AMC/Trustee reserves the right to change / modify the Load structure if it so deems fit in the interest of smooth and efficient functioning of the Mutual Fund. The AMC/Trustee reserves the right to introduce /modify the Load depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the Regulations.

The Redemption Price however, will not be lower than 95% of the NAV. Any imposition or enhancement of Load in future shall be applicable on prospective investments only.

At the time of changing the Load Structure:

1. An Addendum detailing the changes will be attached to Scheme Information Document (s) and Key Information Memorandum. The addendum may be circulated to all the distributors / brokers so that the same can be attached to all Scheme Information Documents and Key Information Memoranda already in stock.
2. The addendum will be displayed on the website of the AMC and arrangements will be made to display the addendum in the form of a notice in all the Investor Service Centres and distributors / brokers' office.
3. The introduction of the Exit Load along with the details may be stamped in the acknowledgement slip issued to the Investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such Load.
4. A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.
5. Any other measure which the Mutual Fund may consider necessary.

Any change in Load structure shall be only on a prospective basis i.e. any such changes would be chargeable only for Redemptions from prospective purchases (applying first in first out basis).

#### **Transaction Charge:**

In terms of SEBI circular no. CIR/ IMD/ DF/ 13/ 2011 dated August 22, 2011, as amended from time to time, Transaction Charge per subscription of Rs.10, 000/- and above shall be charged from the investors and shall be payable to the distributors/ brokers (who have opted in for charging the transaction charge based on the type of the product) in respect of applications routed through distributor/ broker relating to Purchases / subscription / new inflows only (lump sum and SIP), subject to the following:

- For Existing / New investors: Rs.100 / Rs.150 as applicable per subscription of Rs. 10,000/- and above
- Transaction charge for SIP shall be applicable only if the total commitment through SIP amounts to Rs.10,000/- and above. In such cases the transaction charge would be recovered in maximum 4 successful installments.
- There shall be no transaction charge on subscription below Rs.10,000/-.
- There shall be no transaction charges on direct investments.

The requirement of minimum application amount shall not be applicable if the investment amount falls below the minimum amount required due to deduction of transaction charges from the subscription amount.

The Transaction Charge as mentioned above shall be deducted by the AMC from the subscription amount of the Unit Holder and paid to the distributor and the balance shall be invested in the Scheme. The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.'
